

## FOAL/ PONY REGISTRATION

### The following rules apply to the registration of foals and ponies

1. This registration form must be completed by a person other than a CPBS representative.
2. The sire and dam must be registered with the CPBS before a foal can be registered.
3. The CPBS will not accept a registration application without breeding particulars. You must know the sire and dam or have a list of possible parentage. A list of possible parentage takes time and will not be processed within the normal time frame and may incur additional cost.
4. All foals must be registered by the owner within 6 months of the date of birth to comply with EU law. A person who keeps an unidentified equine commits an offence and is liable on summary conviction to a Class A fine (up to €5,000).
5. DNA samples and markings must be done by a veterinary surgeon.
6. All foals must be microchipped for identification and named for life at time of DNA sampling.
7. For older ponies please scan for microchip as a passport may have been issued by another organisation previously.
8. Registration sampling kits are issued in strict rotation. Please do not book your vet until you have received a kit.
9. A maximum of 30 characters only (including spaces) can be used in a name. Names exceeding this will not be accepted.
10. A Lifetime Document (Passport) will be issued for each animal when its parentage and HWSD status are verified to the CPBS by Weatherbys Scientific – this can take up to 10 weeks.
11. If your registration is exempt from HWSD testing and result's as an exclusion you may have to apply for an HWSD test and wait for it to be processed before the passport can be issued.
12. The CPBS will issue the passport only to the registered owner who applies for the DNA kit. A Transfer of Ownership is required to change the ownership.
13. Please review the prices below and enclose the correct fee with the application for registration. Membership rates apply to current members of the Society only. Membership is NOT TRANSFERABLE.
14. Incomplete applications and those accompanied by an incorrect fee will be returned.
